

Local amenities in Conon Bridge include a small range of independent shops, a national supermarket and convenience store, a take away food outlet, cafe, and a popular hotel with a restaurant. A wider variety of shops can be found in nearby Dingwall or Inverness. There is a train station which is a five minute walk from the property and there is a regular bus service through the village which is close to the A835 making it ideally placed for commuting to Dingwall or Inverness, there are bus stops around the corner from the property. Primary school children attend the Ben Wyvis School which is a few minutes walk from the house with older children attending Dingwall Academy for which transport is provided.

Glencairn & Glenside were built in excess of 100 years ago and are of a traditional stone construction under a slate roof. The properties were upgraded around 35 years ago and are in reasonable condition but would benefit from a little more upgrading. The houses have gas central heating and double glazing. To the rear there is a garden and adjoining Glencairn is a garage/workshop. These properties are being sold as one and would be ideal to run one or two small businesses from as the smaller of the two houses could be an Air B&B or living quarters for a relative and the garage/workshop could be converted to office space or used in its current form. There are two Home Reports for this house both of which are available on request.

Directions: From the Maryburgh Roundabout drive through Maryburgh and continue on to Conon Bridge, take the first turn on the right immediately after the Conon Hotel into Bank Street. The house is on the right.
